

FACULTY BIOGRAPHY

Doreen J. Addrizzo-Harris, MD

Professor, Medicine

Associate Director, Clinical and Academic Affairs

Director, NYU Bronchiectasis/NTM Program

NYU Grossman School of Medicine

New York, NY

Doreen J. Addrizzo-Harris, MD, is a professor of medicine at NYU School of Medicine in New York, NY. She earned her medical degree and completed her fellowship and residency training at NYU School of Medicine and joined the faculty. She serves as the program director of the Pulmonary Critical Care Fellowship. Dr Addrizzo-Harris has served as the interim director of the NYU Langone Division of Pulmonary, Critical Care and Sleep Medicine and is now the associate division director for Clinical and Faculty Affairs. Also, she is the co-director of the Faculty Group Practice that comprises more than 20 physicians. Dr Addrizzo-Harris is board certified in pulmonary disease.

In addition to her dedication to medical education, Dr Addrizzo-Harris is the codirector of the NYU Bronchiectasis Center and specializes in non-CF bronchiectasis and the treatment of nontuberculous mycobacterial pulmonary disease. She is the PI of the NYU Bronchiectasis Registry and the US Bronchiectasis Research Registry, as well as numerous clinical trials.

Dr Addrizzo-Harris is involved at the national level and has held many leadership roles at CHEST. She is currently the President-Elect of the American College of Chest Physicians and is a member of the CHEST Board of Regents. She is the past President of the CHEST Foundation and the immediate Past Chair of the Professional Standards Committee. In the past, she served as the program director of the Annual meeting in Atlanta and the chair of the Guidelines Oversight Committee for CHEST. She is also very involved with the Association of Pulmonary and Critical Care Medicine Program Directors (APCCMPD) and served on its board for more than 10 years as the president and secretary-treasurer.

FACULTY BIOGRAPHY

Charles L. Daley, MD
Chief, Division of Mycobacterial & Respiratory Infections
Professor, Medicine
National Jewish Health
Denver, CO

Charles L. Daley, MD, is the chief of the Division of Mycobacterial and Respiratory Infections at National Jewish Health (NJH) in Denver, CO and a professor of medicine at NJH, the University of Colorado, and Icahn School of Medicine at Mount Sinai. He received his medical degree from the University of Mississippi School of Medicine in Jackson, MS. He then went on to complete his residency in internal medicine and fellowship in pulmonary disease and critical care medicine at the University of California, San Francisco in San Francisco, CA. Dr Daley is board certified in internal medicine and pulmonary disease.

Dr Daley's academic interests include tuberculosis (TB) global health policy and clinical and translational research related to TB and nontuberculous mycobacteria (NTM) infections. He has served on and chaired expert panels for the World Health Organization (WHO), Centers for Disease Control and Prevention (CDC), Infectious Diseases Society of America, and the American Thoracic Society. He has participated on multiple guideline panels for these organizations, including guidelines that address diagnosis, treatment (drug-susceptible and drug resistant) and prevention of tuberculosis. Dr Daley recently chaired the revision of the multisociety sponsored NTM Treatment Guidelines. For his work in global TB control, he was awarded the World Lung Health Award by the American Thoracic Society. Dr Daley was previously an Associate Editor of the American Journal of Respiratory and Critical Care Medicine and the European Respiratory Journal.

FACULTY BIOGRAPHY

Julie V. Philley, MD

Executive Vice President, Health Affairs
University of Texas Health Science Center
Tyler, TX

Julie V. Philley, MD, is a professor of medicine and member of the Pulmonary Division at the University of Texas at Tyler Health Science Center in Tyler, TX. Dr Philley completed a pulmonary disease and critical care medicine fellowship at the University of Texas Southwestern Medical School in Dallas, TX.
