## **Genovefa Papanicolaou, MD**

*Director, Infectious Disease Service  
Memorial Sloan Kettering Cancer Center  
Professor, Medicine  
Weill Cornell Medical College, Cornell University  
New York, NY*

**Genovefa Papanicolaou, MD**, is the director of the Infectious Disease Service at Memorial Sloan Kettering Cancer Center and a professor of medicine at Weill Cornell Medical College of Cornell University in New York, NY. Dr Papanicolaou received her medical degree at the University of Athens in Greece. She then went on to complete her residency in internal medicine at Newton-Wellesley Hospital in Newton, MA and fellowships in infectious disease at Brown University in Providence, RI and Icahn School of Medicine at Mount Sinai/Mount Sinai Hospital in New York, NY. Dr Papanicolaou is board certified in infectious disease.

Dr Papanicolaou's research focus is in viral infections after stem cell transplantation, particularly cytomegalovirus (CMV). Her areas of interest are novel therapeutics, biomarkers, and personalized infection management. She has been published in many peer-reviewed journals, including *Clinical Infectious Diseases* and *Journal of Transplantation and Cellular Therapy*.

# FACULTY BIOGRAPHY

## **Roy F. Chemaly, MD, MPH, FACP, FIDSA, CMQ**

*Professor and Chair*

*G. P. Bodey, Sr. Distinguished Professorship, Infectious Diseases*

*Director, Clinical Virology Research*

*Department of ID/IC/EH*

*UT MD Anderson Cancer Center*

*Houston, TX*

**Roy F. Chemaly, MD, MPH, FACP, FIDSA, CMQ**, is the G.P. Bodey, Sr. Distinguished Professor in Infectious Diseases and the Chair of the Department of Infectious Diseases, Infection Control & Employee Health at The University of Texas MD Anderson Cancer Center in Houston, TX. Dr Chemaly received his medical degree from St. Joseph's University Medical School in Beirut, Lebanon and completed his residency in internal medicine at the Hofstra/Northwest at Staten Island University Hospital in Staten Island, NY. Dr Chemaly then completed his fellowship in infectious diseases and medical microbiology at the Cleveland Clinic Foundation in Cleveland, OH. During his fellowship, he completed a master's degree in public health from Northeastern Ohio Universities in Rootstown, OH. Dr Chemaly is board certified in infectious diseases and medical microbiology.

Dr Chemaly is very well known on the national and international stages as an expert in clinical and translational virology in immunocompromised hosts. He has devoted his career studying viral infections in immunocompromised patients, specifically those undergoing hematopoietic cell transplantation (HCT) for hematologic malignancies and has published extensively on mechanisms to treat and prevent viral infections in this population. He contributed to writing and updating the practice guidelines for respiratory viruses, including SARS-CoV-2, in leukemia and HCT and cellular therapy patients for 3 major professional societies; the American Society of Transplantation and Cellular Therapy (ASTCT), the European Society for Clinical Microbiology and Infectious Diseases (ESCMID), and the European Congress for Infectious Complications in Leukemia-8 (ECIL-8). Dr. Chemaly's work has been reported in numerous high-impact peer-reviewed journals, including the *New England Journal of Medicine*, *Blood*, *Journal of Infectious Diseases*, *Clinical Microbiology and Infection*, and *Clinical Infectious Diseases*.
