## **Atul Humar, MD, MSc, FRCPC, FAST**

*Professor, Department of Medicine  
University of Toronto  
R. Fraser Elliott Chair, Transplantation  
University Health Network  
Director, University of Toronto Transplant Institute  
Toronto, ON, Canada*

**Atul Humar, MD, MSc, FRCPC, FAST**, is a Professor in the Department of Medicine at the University of Toronto in Toronto, ON. He is also the Director of the Ajmera Transplant Centre at the University Health Network and the Director of the University of Toronto Transplant Institute. Dr Humar received his medical degree from the University of Ottawa in Ottawa, ON. He completed his residency and further training in transplant infectious diseases in Toronto and Boston.

Dr Humar's research interests are in virology with a focus on the pathogenesis of herpesvirus infections post-transplant. He is involved in both basic and clinical research assessing immunologic and virologic determinants of infection. Dr Humar has over 250 publications in these areas. His work was integral to the development of internationally used guidelines related to the management of infections post-transplant.
